Students

Tasks

- Separate lessons with weaker students
- Volunteers are free in how to design their lessons but can always ask for support

Tasks

- Create activities for the „activity time“
- Support the teachers with their projects (e.g. evaluating presentations of students, support students during their research)

Tasks

- Share your knowledge with the teachers whenever they ask you (i.e. planning lessons together, creating workshops, showing them helpful techniques,...)

Not only work...
